Hi Mary Ann,

Thanks, we are glad too! The Region 6 lead for SO2 designations and implementation is now Ruben Casso, who I've cc'ed in this email.

Ruben- Will you answer Mary Ann's questions. I'm afraid I might not have the most accurate/up to date information on these issues.

Thanks,

**Dayana Medina**

**Subject:** SO2 Questions

Hi Dayana!

I'm really glad there was no second government shut-down, and I hope all is well with you and EPA coworkers.

I was wondering if you can answer a couple of SO2-related questions for me.

First, I was wondering if you know whether the EPA, in the Round 4 SO2 designations, intends to address Potter and/or Milam Counties, which are both currently being monitored and also both designated unclassifiable. I think I read that EPA would be addressing the unclassifiable areas in Round 4.

Second, can you straighten out for me the designations for Titus County? In addition to the nonattainment area designated in R2 supplement, it appears the remaining portion of that county is designated unclassifiable/attainment in the Round 3 SO2 designations (see attached final rule for R3, page 1163); however, on that same page footnote 3 states that that remaining portion of Titus will be designated by December 31, 2020 (Round 4). If you can help me understand, I would greatly appreciate it!

Thank you, thank you!
